

Kubu Equipped 750 Series *Composite Door Lock*

High performance multipoint door locking system, equipped for smart technology

The Kubu Equipped 750 Series Door Lock by Avantis, isn't just set for smart, it delivers the UK's largest chamfered hooks and centre deadbolt at 25mm. This unique combination delivers class leading security and compression performance for doors manufactured from timber and modern composite materials. The Avantis specially designed dampening mechanism ensures effortless operation of the lock.

The Kubu Equipped Door Lock comes with a 10 year mechanical warranty and an additional £1,000 Security guarantee, which can be activated by homeowners. No hardwiring or calibration is required for smart activation - Kubu Equipped Door Locks have been engineered to provide homeowners with a simple, neat and compact smart product that doesn't alter the appearance of the door.

Fitting Kubu Equipped Door Locks means the door is set for smart technology. Every door fabricated and installed with the lock is future proofed and ready to be activated by the end user.
